

T4.4 Needs-Policy Mapping template

Name of the pilot: Häme, Finland

A: Needs that are recognised in T4.3 and ranked most important. You can choose 3-6 most relevant needs to this exercise. Pilot regions can decide how many needs they want to take to this stage of the project.

B: Choose from drop down menu (use option N/A, if not possible to define)

C: Name of the policy / programme / strategy. There can be several policies related to one need (e.g national level, regional level and local level). Put each policy to its own row.

D: Level at which the policy is launched, choose from drop down menu

E: Category of the policy / programme / strategie: this refers to the initiators/owners of the policy/programme

- Public policy

- Public programme

- Private sector measures: what businesses, big and small, are doing to help rural areas, farmers etc.

- Third sector measures: what charities and NGOs are doing

- Private and local initiatives: activities implemented by a single person or a group of residents

F: Responsible organisation (name of the organisation).

G: Duration / Starting date of the policy

H: How policy addresses the needs?

I: Other comments. E.g. you can explain if the measure is initiated by one organisation and implemented by another.

J: Contact/Website: add links for further information or full text document

Needs		Policies							
Need (from T4.3, table 3, 3-6 needs that are ranked highest)	Target group (socio-demographic group)	Title of the policy/programme/strategy	Level at which the policy is launched	Category of the policy / programme / strategie	Responsible organization	Duration/ Starting date	How policy addresses the needs? (e.g. providing money, technology, training)	Other comments	Contact/Website of the policy
