

International Professional Teacher Education online programme (10 or 13 months)

IPTE25 study group is divided into two groups at the beginning:

- If you haven't previously completed Basic Studies in Educational Sciences, you will begin your studies in May. The length of the programme is 13 months, and the scope is 60 ECTS. You also have studies in the summer.
- If you have completed the Basic Studies in Education Sciences, you will start your studies in August. You will receive 12 ECTS credits for your previous studies, and the programme will take 10 months and require 48 ECTS credits to complete.

The two groups will merge in August. All meetings of the IPTE25 study group are conducted online using the Zoom platform. Online meetings start at 9:00 am and conclude at 3:00 pm. The exception is the Orientation for Studies on 4 August, which starts at 1:00 pm and ends at 4:00 pm. The studies also include online lectures called Tuesday Bulletin, held approximately once a month from 4:00 pm to 5:00 pm. It's important to note that all times mentioned are in Finnish time. Attendance at all meetings is mandatory.

In addition to collective training sessions, teacher studies involve peer group meetings, which are scheduled separately by the teacher and students.

Teacher studies also encompass an optional course worth 5 credits. Optional courses are available in spring semester, conducted online, with some possibly involving 1–2 training meetings. You will find the timetable of the optional courses in the module map of the optional studies which will be published on the website at the end of March 2025.

The schedule for the Practical Teacher Training is individual and will only be clarified during the internship negotiations.
